

## Reproduction: Keys for Improved Performance

### Purpose

In 2016, the first educational program offered as part of Master Dairy Producer will focus on aspects of reproduction. Farmers interested in becoming a certified “Master Dairy Producer” will need to attend 2 of the various programs offered during 2016. Subsequent modules will focus on financial planning and lameness. We anticipate this certification will satisfy the educational component for those intending to apply for the 50% cost share through the TAEP program.
